

Due Process Resolution RE January 6th Detainees

Whereas the Federal Government has incarcerated Americans who participated in the January 6th, 2021, rally in Washington DC,

Whereas independent news organizations have reported there were over one million individuals gathered to support President Trump at said rally,

Whereas there is clear footage and reports of the Capitol Police inviting rally attendees to enter inside the Capitol Building,

Whereas there is footage of troublemakers inside the Capitol Building, and in no way does the Greenville County Republican Party condone the acts deliberate troublemakers,

Whereas Americans have Rights granted to them by the US Constitution, and

Whereas the GCRP supports **Due Process** rights and laws of the United States of America,

Whereas many of our elected officials have confirmed Americans are being held without **Due Process**,

Therefore, be it resolved that the Greenville County Republican Party asks our elected representatives for Greenville County, including

- 1. US Senator Lindsey Graham,**
- 2. US Senator Tim Scott,**
- 3. US Representative Jeff Duncan, &**
- 4. US Representative William Timmons**

to assist these American Citizens by requesting **Due Process** as required by the US Constitution and any other statutory requirements under the law.
